### Bow Tie Classes - 1000 Point Judged Stock

Cars in this class will be judged against a judging sheet for a points based award, rather than against other cars. Although cleanliness will be addressed, the major emphasis will be on duplicating the way the car would have come from the factory. Basic numbers and trim tags will be checked, to confirm that features, options, and colors are correct for the car being judged. Judges will be checking for bias tires, spiral shocks, proper battery, alternator, distributor, etc. Equipment may be original, NOS, good quality used, or quality reproduction parts. Class limited to 15 cars in 1st generation, 6 cars each in 2nd & 3rd gen. As is for all judged classes - Bow Tie MUST be pre-registered. 1st generation fills very quickly, so do not hesitate if interested. Please note that although this class goes into quite a bit of detail, it is not on a par with our concours classes. Judging time is approximately 25 minutes per car, compared to 3 hours in concours. For those cars considering the possibility of moving on to Legends class, and would like to have their car approved to move up, specify 57 L or 58L. Trailer parking included in class fee.

|                        |                                 |
|------------------------|---------------------------------|
| 57 67-69 Bow Tie Stock | 57 L 67 - 69 with Legends check |
| 58 70-81 Bow Tie Stock | 58L 70 - 81 with Legends check  |
| 59 82-92 Bow Tie Stock |                                 |

### Legend Class 1967-1981 Stock (Three Year System)

As this concours class goes into detail beyond the scope of many participants, Camaros entering this class must be qualified by previous participation in class 57 L/ 58L (Bow Tie), or by inspection by one of the concours judges prior to entry. This requirement is in place to save expense and time of those not familiar with this system, and to prevent assigning the limited number of Legend spaces to unqualified cars, thus preventing qualified cars from participating. This is an extremely thorough system - all parts will be evaluated as to part number, date, originality, finish, and condition. Trailer parking included in class fee. Be sure to check off trailer parking on registration form if it is required.

|                                  |                                    |
|----------------------------------|------------------------------------|
| 53 1967-1969 Restored Concours   | 54 1970-1981 Restored Concours     |
